## **RULES**

All games will consist of 5 ends including the Final.

In the event of a tie in the final then one extra end will be played.

No trial ends.

Burnt ends can be replayed.

The scoring will be 2 points for a win and 1 point for a draw.

The winner of Section A will play the winner of Section B in the final.

In the event of a tie at the end of the section stage the team with the greatest shots difference will be the winner. If the shots difference is the same then the winner of the section game between the two teams will proceed and if this does not declare a winner the two teams will play one end with each player playing one bowl, the winner then going forward to the Final.

Should a team withdraw during the event then all scores relating to that team will be removed.
